MEMO: To All Bryston Customers SUBJECT: BLP-1 Turntable - Dealer Feedback

October 2016

Had a good listen to this yesterday at the Indulgence Show, very impressed, I have to admit.

I was a little surprised when Bryston announced a turntable but I shouldn't have been as yet again Bryston have delivered the goods, nice organic sound but with excellent detail.

Bryston BLP-1 Turntable

I'm going to get one for demo so that I can have a proper listen outside of a show environment, but after the show I can't wait to get one, just need to figure out what cartridge to use :-)
